TARTALOM

[Sambotin, L. – Harb, I. – Gavruta, A. – Moisa, S. Gavrilesco, V.: The evolution of agrarian structures of production from Romania](#)

[Csósz, I.: The importance of trans-frontier cooperation in the DKMT Euro-region tourism](#)

[Heszky L.: Challenges of plant breeding early in 21st. Century](#)

[Nemessalyi Zs.: The position losing of animal husbandry in agriculture](#)

[Baban, M. – Curik, I. – Cacic, M. – Korabi, N. – Antunovic, B.: Correlation of step traits and body measurements in lipizzan horses](#)

[Benk Á. – Vidács L. – Szalay I. – Szentes K.: The evaluation of egg production of Hungarian speckled hen](#)

[Benk Á. – Vidács L. – Szalay I. – Szentes K.: The slaughter value of Hungarian speckled hen](#)

[Kocsisné Graff M.: Correlation examination between the body condition and body weight of Saanen goats](#)

[Ivanc, A. – Dekic, R. – Boskovic, J. – Vukosav, M. – Miscevic, B.: Physiological approach to production efficiency of rainbow trout \(*Oncorhynchus mykiss* Walbaum\) at different ambient temperatures](#)

[Jekkel G. – Milisits G. – Bázár Gy. – Locsmáncsi L.: Effect of cage size, floor type and stocking density on the meat quality of growing rabbits](#)

[Mikóné Jónás E. – Káity Á. – Keller T. – Komlósi I.: The evaluation of body condition scoring and milk production of Holstein-Friesian cows](#)

[Miscevic, B. – Vukosav, M. – Boskovic, J. – Simic, J. – Ivanc, A. – Stokovic, I.: Influence of different cattle genotypes on genetic parameters evaluation in fattening traits](#)

[Szabari M. – Bokor Á. – Sebestyén J. – Bakos G. – Boros N. – Simai Sz. – Sebestyén S. – Stefler J.: The results of embryo transfer in Hungarian cattle breeding](#)

[Szórádi T.: The macro and micro element content of the organs of healthy Merino sheep and of those with foot diseases](#)

[Áy Z.: Viral diseases on wheat: diagnosis and protection](#)

[Boskovic, J. – Boskovic, M. – Prijic, Z.: Pyramiding major genes for resistance to leaf rust pathogen of wheat](#)

[Cioban, C. – Milin, A. – Anca, A.: Ecological technologies to value vegetables wastes](#)

[Fábián T. – Kovács Sz. Hoffmann R. Dér F.: Yield and nutrition value comparison of grasslands in the Zselic area](#)

[Galli Z. – Penksza K. – Wichman B. – Kiss E. – Heszky L.E.: Molecular taxonomical comparison of different *Festuca* species](#)

[Heller Szabóné Molnár M. – Kruppa J.: Possibilities of field production of fresh potato in the spring and in the autumn](#)

[Lantos F. – Havasi A.: A kalcium növényélettani szerepének, jelentőségének vizsgálata a paprikatermesztésben. Humánélettani szerepe az emberi test fejlődésének szakaszaiban.](#)

[Nagy L.: Flowering, ripening and stalk stability in confectionary type sun flower at different agronomical statuses](#)

[Szőke A. – Lencsés K. – Debreceni D. – Kiss E. – Miltay P. – Heszky L.: Marker assisted selection in tomato for root-knot nematode resistance breeding](#)

[Tóth Z. – Gyulai G. – Szabó Z. – Heszky L.: Molecular diversity of watermelon \(*C. lanatus*\) at NSSR and CPDNa loci](#)

[Balogh E. – Boldocki D. – Hegedűs A. – Papp J. – Sipos B. – Blázovics A. – Stefanovics-](#)

Bányai É.: The role of berry fruits in Hungary's food processing

Deák E. – Stefanovits-Bányai É. – Farkas J. – Jahnke G.: Effects of soil element composition on the nutrient contents of grape cultivars and wines produced in Badacsony

Moigradean, D. – Lazureanu, A.: The influence of fertilization about lycopene content in tomatoes

Moisescu, I.D. – Firu-Negoescu G.A. – Hamza, S. – Preda, L.: The meat and the need of the meat

Sipos L. – Losó V.: Popularity of mineral water in Hungary - secondary analysis based on primary data

Sipos L. – Losó V.: Mineral water consumption habits of university students with conjoint analysis

Barta T.: The feed selection of roe deer (*Capreolus capreolus*) on agricultural habitat in winter and spring

Bleier N. – Szemethy L. – Csányi S.: Influencing factors of game damages in agricultural: detection of the operating nexus in a complex system

Majzinger I.: Evaluation of certain reproductive characteristics of roe deer stocks

Nagy J. – Sebestyén J. – Szabó J. – Dér F.: The economical questions of raw land management

Szabó L. – Heltai M. – Lanszki J.: Az aranyakál terjedését elősegítő tényezők

Békefi E. – Váradi L. – Gyalog G. – Szűcs I.: Importance and role of multi-functionality in pond fish farming in Hungary

Czagány L. – Vincze-Lendvai E.: Current issues of the Hungarian maize market

Fuchsz M.: Economic comparison of biogas plants under the new Hungarian price conditions

Gál J.: How to understand game in logistics process

Horváth J.: Integrated supply chain management in pork production

Lukács A.I.: Computer-based simulation of agricultural plants

Makra Lné: The examination of the native croppers' taxation

Milin, I.A. – Radac, A.M.: EU economy analysis

Radac, A.M. – Milin, I.A. – Toader C.S.: Some results in marketing researches

Varga T.: Justification of agricultural subsidies in respect to the theory of market failures

Csonka, B. – Stoian, M. – Gulyás, G.: Applying GIS and remote sensing techniques at the implementation of the EU area based subsidy system in Romania

Gósi J.: Convergence programmes of Hungary in the net of politics

Kis K.: The examination of settlement functions in the Hódmezővásárhely micro-region according to the institutional provision

Kiss-Pető T.: The role of the popular markets on the Upper-Batchka between the two World Wars

Otiman P.I. – Sirb-Mateoc, N. – Man, T.E. – Seulean, V. – Mateoc, T. – Manescu, C.: On the research methodology in the field of rural development

Papp J.: Territorial features of employment in the micro-region Hajdúvölgy Salasan, C.: Rural development challenges in Romania and the economical knowledge support

Sallai L.: Results of cofermentational experiments in the aim of energy production

Szekeressné Köteles R.: Green indicators: sustainability of rural development

Zsótér B.: Application of a new method in compilation of a settlement monograph

Avasi Z. – Szűcsné Péter J.: Ensilage of wilted lucerne treated with different types of

biological preservatives

Bausz H. – Lukács A.I.: Alternatív vadföld-gazdálkodás a tenkes-hegyen

Béres A.Á. – Járvas K. – Janbaz J.: Actual situation of livestock transportation in Hungary

Bokor Á. – Sebestyén J. – Szabari M. Stefler J.: Inbreeding in the Hungarian thoroughbreds

Czinege A.: Different types of canopies for either harvest done by machine or by hand in plum orchard

Csósz I. – Blaga R.: Vision and strategic objectives for the Romanian rural tourism sector

Deák E. – Májer J. – Gyórfyné Jahnke G.: Application of a new method the D. M. R. for the production of traditional wine specialities in Badacsony

Dincu, A.M. – Sambotin, L. Gavruta, A. Birovescu, A. – Preda, L. – Matias, C. – Manescu, C.: The Romanian agrarian structures' analysis

Dozet, G. – Crnobarac, J. – Vukosav, M. – Balesevic-Tubic, S. – Djukic, V.: Dependence of soybean yield per plant from row space and maturity group in irrigation conditions

Fábián T. – Horváth Á. – Hoffmann R. – Dér F.: Evaluation of grasslands at Bószénfa in the d-e-meter system

Fabulya Z.: Computer modelling of autoclaving and optimal utilization of its resources

Fodor D.: Renewable energy utilisation in the South-East Hungary

Gál J.: Survey of live animal transport by right of animal protection

Hampel Gy.: Managerial decision support in the food industry of Hungary's Southern Great Plain Region

Zdravko Hojka: Nitrogen fertilization impacts on yield of maize inbred lines

Járvas K. – Béres A.Á. – Janbaz J.: The examination of the stress by the feather plucking in geese Kis K.: Employment and income in the Hódmezővásárhely micro-region

Kmoskó É.: Theoretical methodology of controlling in rural life

Kostadinovic, L. – Vekic, L.: Determination of coccidiostatic residues in muscle tissue of broilers by HPTLC and HPLC methods

Magó L.: Analysis of utilisation cost of older machines in small and middle sized farms

Manescu, C. – Sirb-Mateoc, N. – Duma-Ccea, A. – Matias, C. – Dincu, M. – Varan, N.: An analysis of agrarian structures in the Timiș county

Mateoc, T. – Sirb-Mateoc, N. – Toroc, M. – Duma-Copcea, A. – Manescu, C. – Matias, C.: Studies on the development of small and medium enterprises (SMES) in Romania

Matias, C.G. – Mateoc-Sirb, N. – Manescu, C. – Dincu, A.M. – Urban, M.: Evolution and projections of private family farms in Romania compared to other countries members of the European Union

Mészáros P. – Lukács A.I.: Racehorse training using swimming

Milin, I.A. – Cioban, C. – Ruset, C. – Radac, A.M.: Aspects concerning the agriculture and the similar activities from Timis county

Moigradean, D. – Poiana M.A. – Gogoasa, I. – Gergen, I.: Macronutrients accumulation in tomatoes fruit after mineral fertilization

Moiescu, I.D. – Firu-Negoescu, G.A. – Hamza, S. – Preda, L.: Productions and probabilities

Monostori T. – Rozik É. – Gulyás Bús Tünde – Tanács L.: Somatic tissue culture of spring wheat genotypes: studies on the use of field grown plant material

Murg, O.M. – Urban, A.M.: Elaboration of cross-border strategic action tourism planning of Jimbolia city

Nagy Ené: Business learning by business doing

Nyitrainé Sárdy D. – Kállay M.: The changes of biogenic amines-content in ripening of

organic olaszrizling

Pet, E. – Pet, I. – Venig, A. – Ruset, C. – Moisa, S. – Blaga, R.: The factors influencing the decision of wine purchase

Preda, L.: Modern methods to conduct and planning agricultural enterprises production

Preda, L. – Sambotin, L. – Banes, A. – Dincu, A.M.: Management of agricultural farms using intelligent I. T. C. (informatics technologies and communications)

Radac, M.A. – Milin, I.A. – Toader, C.S.: Young consumers and their choices

Sambotin, L. – Blaga, R. – Rachiciu, D.: The management of interethnic tourism in Banat

Sebestyén J. – Bokor Á. – Nagy J. – Szabó J. – Dér F.: The preference analysis of red deer (*Cervus elaphus*) on different composition of pasture

Szekeresné Köteles R.: A környezeti teljesítmény értékelés lehetséges módszerei a mezőgazdaságban

Szócs E. – Heltai M.: Caused health problems by carnivores living in urban areas

Szűcsné Péter J. – Antaliczné K.J. – Avasi Z.: Biological preservatives in silomaize ensilage

Varan, N. – Manescu, C. – Matias, C.: Research on mountain tourism in Caras-Severin area

Zvekán Sz. – Tóthné Heim L.: Energetic use of the flood reservoirs
